

Speech/Language Pathologists

The Scottish Rite Clinic for Childhood Language Disorders, a non-profit agency in Duluth, Minnesota, is seeking experienced speech/language pathologists to join our outstanding staff. We offer a flexible work environment, health and retirement benefits, as well as a new state of the art facility, technology, and resources. Our staff works diligently and cooperatively in a family focused environment to remain on the cutting edge of professional innovation. Applicants must have current ASHA certification and State of Minnesota Department of Health licensure. Prior pediatric experience, positive work history, and parent education skills are required.
